TURN THE HEADPHONE ON

Slide down the ON/OFF switch, you will hear the voice prompt "Power on" and the indicator light flashes in blue.

PAIRING THE HEADPHONE

You are required to pair the headphone with your mobile phone once before using it.

1. After the headphone is turned on, please short press the MF button once, the LED indicator light turns on in solid blue and you can hear the voice prompt "Ready to pair", then the headphone is in pairing mode.
2. Activate Bluetooth® on your mobile phone.
3. Set your phone to discover 'JB601' and follow the instruction.
4. If your phone asks for passkey or PIN-code, confirm with 0000.
5. Your JB601 will confirm when pairing is completed by showing a blue indicator light flashes and you will hear the voice prompt "Phone 1 connected".

Note:

1. If JB601 is not in pairing mode, your mobile phone won't find the headphone. Please set the headphone into pairing mode before making your mobile phone search for JB601.
2. If no pairing is possible for a period of time (approximately 5 minutes), the headphone will automatically leave pairing mode and go into the idle state. If headphone haven't connected with any devices and there is no more action for a period of time (approximately 10 minutes), the headphone will go into the idle state automatically. You may need to start all over again.

PAIRING THE HEADPHONE WITH THE SECOND MOBILE PHONE

JB601 supports multipoint. This means JB601 can be paired and connected with 2 mobile phones at the same time.

1. Pair and connect the headphone with the first mobile phone.
(Please refer to the 'PAIRING THE HEADPHONE')
2. Turn off the headphone and Bluetooth feature of your first mobile phone.
3. Turn on the headphone again and pair it with the 2nd mobile phone.
(Please refer to the 'PAIRING THE HEADPHONE')

4. Turn off the headphone and Bluetooth feature of your second mobile phone again.
5. Turn on the headphone and Bluetooth feature of mobile phone, it will be connected automatically with 2 mobile phones at the same time.

LANGUAGE SELECTION

Turn on the JB601 and set it to the pairing mode. Press and hold the MF button, Previous Song and Volume Up button at the same time until you hear the voice prompt of different languages. There are total 5 in-bulit languages (English, Chinese, Spanish, German and French). Short press the MF button when you hear the language that you want.

VOICE RECOGNITION

JB601 supports VOICE RECOGNITION in English. When there is incoming call, you will hear the voice prompt 'Say a Command: Answer/Ignore', you can say 'Answer' to answer the call or 'Ignore' to reject the call within 2 seconds after the voice prompt. If you do not say a command within 2 seconds, JB601 will recognize it as an invalid command, then you should answer or reject the call manually.

Note: The feature of voice recognition may not work normally due to different English accent or other sounds around.

MAKING CALLS

Once the headphone is successfully paired with your mobile phone, you can use it to make and receive calls. The headphone can be used with voice dialing if your mobile phone supports this feature. Please consult your mobile phone's manual for more information.

1. Using voice dialing:

Short press the MF-button, wait for a voice prompt and say the name of the person you want to call.

2. Using the phone keys to make a call:

Enter and dial the number on the mobile phone as you normally do. Once the call has been set up, the sound will be transmitted to your headphone automatically.

3.Redial:

Short press the MF-button twice to redial the last number you called.

ANSWERING / ENDING /REJECTING CALLS

When the headphone is turned on and there is an incoming call, you will hear a musical tone and the voice prompt "Incoming call phone 1 or 2"

- Press the MF-button to answer the call.
- Press the MF-button to end the call.
- Press and hold MF-button for 3 seconds to reject the call.

PUT THE CALL ON HOLD

In call state:

Press and hold the MF-button for 3 seconds to put the active call on hold.

In call wait state:

Press and hold the MF-button for 3 seconds to put the current call on hold and accept the call waiting. Press the MF-button once to end the call waiting.

TRANSFERRING CALLS

To transfer a call to the mobile phone and back:

During both incoming call and outgoing call state, you can press & hold the MF-button for 2 seconds to transfer the call to the mobile phone. If you want to transfer the call back to the headphone, Press the MF-button for 2 seconds. Some mobile phones may require more confirmation.

WHEN THE BATTERY IS LOW

If the voice prompt says 'battery is low', you need to charge the headphone.

CONNECTING WITH A PC OR PDA

You are allowed to connect the headphone with a Bluetooth® enabled PC or PDA that is supported with headphone and/or handsfree profiles. Please refer to the user manual of your Bluetooth® enabled PC or PDA for setup information.

FACTORY RESET

To factory reset the headphone, you will have to turn on the headphone and go into the pairing mode. Under this mode, press and hold MF-button, Previous Song and Volume Up button at the same time for 2 seconds until hearing "voice prompt to confirm language", loose MF-button immediately and choose the needed language. Now, the factory reset is successful. The headphone will go into the pairing mode automatically.
(Please refer to the above 'Pairing headphone' instruction).

JB601 supports audio line-in

JB601 supports 3.5mm audio line-in. Even when your JB601 is out of power, you don't need to stop the music. JB601 can be working as a wired headphone.
